

Welcome one and all!

We are working hard to create the finest trail system in our three county region. Enjoy the trails whenever you can and be mindful of others, so all may have the best times of their life.

There are no costs involved in the use of these fine trails. However there are costs associated with their upkeep and a long list of club members willing to donate their elbow grease. All they require is the materials and tools to make it happen.

This is your invitation to join us...

Become a member and stay up to date with all the fun happenings that go on. You'll receive a newsletter, membership card and sticker, to identify you as a true friend of the Evergreen PAC (Pine, Aitkin & Carlton counties) ATV Club. Your membership goes to the further development efforts of connecting trails and keeping them smooth.

The greater the membership the greater your ATV riding experience will be. Membership is only \$30.00 and if you're an ATVAM member already the cost is only \$10.00 for your whole family.
